

Forever Wild

- 1) There's a magic in the air, that I feel when I am there,
It plays straight to my heart, and lays it all to bare,
It's in the cry of the eagle and the deer so meek and mild,
It's in the rise of the mountain, let it stay forever wild.

Forever wild, forever wild,
Let it stay, forever wild.

- 2) It's in all that is not tame, and some that can't be named,
It's in the mist up on the mountain, and the scent of summer rain,
It's in the scream of a lion when she's soundin' like a child,
It's in the song of the river, let it stay forever wild.

Forever wild, forever wild,
Let it stay, forever wild.

- 3) Now the Earth it holds the key to all that shall be free,
It's in the peace of the desert and the wisdom of the trees,
It's in the grace of a swans wing and the grizzly when she's riled
It's in all the love I bear it, let it stay forever wild.

Forever wild, Forever wild,
Let it stay, forever wild.

- 4) There are those of my own kind, they're runnin' fast, but runnin' blind
And the only thing they worship, is their God, the dollar sign,
We must teach them with our spirit, with our might and with our guile
We must show them that the answer, it must be Forever Wild.

Forever wild, forever wild
Let it stay, forever wild.

Forever wild, forever wild
Let it stay, forever wild.

Let it stay, forever wild.
Let it stay, forever wild.
Let it stay, forever wild.
